***cIRSCO GAINS NATIONAL RECOGNITION
Local Company Named and Ranked for Two National Awards***

(Tampa, FL) In recognition of the economic power of multicultural businesses, DiversityBusiness.com, the nations' leading multicultural internet site, recently named **cIRSCO** as one of the "Top 100 Disabled Veteran Owned Businesses in the United States (Div100) and also the "Top 500 Emerging Businesses in the United States (Div500)."

The Div100 is the 8th annual listing of the Nation's top 100 disabled veteran-owned businesses and Div500 is the 8th annual listing of the Nation's top 500 Emerging Businesses in the United States. The companies listed on the Div500 represent the Nation's emerging multicultural earners and challenge the long-held notion that a small business is small or insignificant, and Div100 does the same for disabled veteran-owned businesses. Div500 and Div100 members are sought after by major corporations wishing to increase spending with both disabled-veteran owned and diversity-owned companies.

The Impact of Small Business

"Small and diversity businesses and consumers are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. This is a whole business segment that can carry its own, that provides jobs, products and services, and generates wealth for their communities. These are the new leaders in American business."

Affected by recent economic and demographic trends and changes, Fortune 1000 corporations throughout the country have recognized that buying products and services from small and diversity owned companies positively impacts their business. Diversity-owned businesses contribute over \$1.4 trillion in sales to the U.S. economy.

"We are extremely honored to be recognized for these awards and feel that it speaks to the significant importance of small and diversity businesses throughout the country and the stability that these businesses bring to economic development in their respective communities," said **Hig Rodriguez Dillinger**, CEO and owner of **cIRSCO**. Furthermore, the fact that we were recognized in the category of disabled veteran-owned companies is very special to us as it showcases the commitment of all veterans to strengthen their communities and their country and demonstrates the achievement of the American Dream.
